THE STRUCTURAL ENGINEER

THE JOURNAL OF THE INSTITUTION OF STRUCTURAL ENGINEERS

VOL. XXXIX — INDEX — 1961

PAGE

Aggressive Substances : Chemical and Physical Effects on Concrete 405
Air Conditioning and Services for Tall Buildings 345
Airport, London : Extension to B.E.A. Engineering Base 17
—Discussion 411
ALLEN, D. N. de G. and R. T. Severn : Composite Action between Beams and Slabs under Transverse Load. (I) A Slab with Identical Spanwise Beams Repeated at Equal Intervals, Supported over Several Transverse Supports 149
(II) The Rectangular Slab with Two Edge Beams 235
Aluminium :
Report on the Structural Use of Aluminium 420
Aluminium Strut Design 47
—Discussion 261
Aluminium Alloy Sections : Method of Minimum Weight Design 174
Animal Feed Mill in Belfast : Structural Considerations—Discussion 211
Annual Dinner, 1961 ... ... 44, 264
1962 297
Annual General Meeting, 1961 242
Aprons : Extension to B.E.A. Engineering Base at London Airport 17
—Discussion 411
Arches : Model Methods in Fields of Steel, Composite and Concrete Construction ... 85
—Discussion 255
Award of Merit and Scholarship Fund... ... 266
BAKER, A. R. : See JONES, R. and A. R. BAKER
Basements : Extension to B.E.A. Engineering Base at London Airport 17
—Discussion 411
BATEMAN, E. H. : Mathematics and the Structural Engineer —Discussion 111
Beams :
Bolted Beam to Column Connexions... ... 203
Composite Action between Beams and Slabs under Transverse Loading... ... ... 149, 235
Composite Construction in Theory and Practice 124
Effective Width of Composite Tee-Beam Flange 277
Extension to B.E.A. Engineering Base (Prestressed Concrete) 17
—Discussion 411
Gravitational Stresses in Deep Beams ... 185

PAGE

Beams (*cont.*) :
Influence Line Computations for Structures with Members of Varying Flexural Rigidity 269
Method of Minimum Weight Design for Thin-Walled Beams 174
Professional Practice and Drawing Office Procedure 302

Bending :
Bending Moments in Elastic Skew Slabs 358
Composite Action between Beams and Slabs under Transverse Loading 149, 235
Method of Minimum Weight Design for Thin-Walled Beams 174
Torsional Stiffness of Box Section Girders 163
Bolts, High Strength :
Behaviour of Structural Connexions using High Strength Bolts Stressed Beyond their Proof Stress 228
Bolted Beam to Column Connexions... ... 203
Composite Construction in Theory and Practice 124

Book Reviews :
Analysis of Deformation, Vol. IV, Waves and Vibrations : Keith Swainger... ... 213
Atomic Energy Waste, Its Nature, Use and Disposal : Edited, E. Glueckauf... ... 363
Béton Précontraint, Tome II Constructions Hyperstatiques : Y. Guyon 285
Beulwerte ausgesteifter Rechteckplatten : K. Klöppel & J. Scheer 404
British Standard Code of Practice—CP3, Chapter III (1960) Sound Insulation and Noise Reduction 227
Building with Steel : D. A. Halperin... ... 377
Calcul à la Rupture et Plasticité des Constructions : A. R. Rianitsyn 276
Calcul Rapide des Poutres Continues : M. and A. Reimbert 162
Le Chantier de Batiment et de Travaux Publics : V. Zignoli... 410
Constructional Steelwork Simply Explained, 4th Ed. : O. Faber... 110
Course of Reinforced Concrete Design, 3rd Ed. : T. J. Bray 110
Curve Surveying : R. B. M. Jenkins... ... 16
Deformation, Strain and Flow. An Elementary Introduction to Rheology, 2nd Ed.: M. Reiner 234

Book Reviews (*cont.*): PAGE

Design of Modern Steel Structures, 2nd Ed. : L. E. Grinter... 254

Design of Steel Structures : B. Bresler and T. Y. Lin 254

Differential Equations for Engineers, 2nd Ed. : P. Franklin 234

Dock and Harbour Engineering, Vol. 3 : H. F. Cornick 317

Elementare Schalenstatik, 3rd Ed. : Alf Pflüger 234

Elementary Structural Analysis, 2nd Ed. : C. H. Norris and J. B. Wilbur... 31

Energy Principles in Applied Statics : T. M. Charlton 144

Engineering Design with Rubber : A. R. Payne and J. R. Scott 260

Estimating for Building and Civil Engineering Works, 2nd Ed. : Spence Geddes... ... 110

Examples of Structural Steel Design to Conform with the Requirements of B.S. 449/1959 : L. E. Kent and E. G. Lovejoy 61

Experimental Study of a Quarter-Scale Reinforced Concrete Flat Slab Floor : D. S. Hatcher, M. A. Sozen and C. P. Siess ... 291

Foundations and Soil Properties : Rolt Hammond 410

General Dynamics of Vibrations : Y. Rocard 331

Highway Bridge Vibrations. I. : D. T. Wright and R. Green 317

Hyperstatic Structures, Vol. II : J. A. L. Matheson and A. J. Francis 377

Influence Lines for Continuous Beams : K. S. Havner and J. J. Tuma 291

Ingenious Mathematical Problems and Methods : L. A. Graham 61

International Association for Bridge and Structural Engineering Publications, Vol. 20, 1960 344

Preliminary Publication of 6th Congress 1960 344

Introduction au Calcul et à l'Exécution des Voiles Minces en Béton Armé : A. Paduart 410

Introductory Soil Mechanics and Foundations, 2nd Ed.: G. B. Sowers and G. F. Sowers 422

Mathematical Tool Kit for Engineers, 2nd. Ed.: H. A. Webb and D. G. Ashwell ... 61

Methods and Techniques in Geophysics. Vol. I: Edited by S. K. Runcorn 202

Ordinary Differential Equations and their Solutions : G. M. Murphy... 123

Plastic Design in Steel : American Institute of Steel Construction 123

Plasticity : Proceedings of the 2nd Symposium on Naval Structural Mechanics : Edited E. H. Lee and P. S. Symonds ... 331

Prestressed Concrete, Vol. I, 4th Impression and Vol. II : Y. Guyon (English translation : Edited W. M. Johns) 227, 285

PAGE

Progress in Solid Mechanics, Vol. I : Edited I. N. Sneddon and R. Hill... 363

Reinforced Concrete, 2nd Ed. : O. Faber, rewritten J. Faber and F. Mead 239

Reinforced Concrete Chimneys ; 2nd Ed. : C. P. Taylor and L. Turner... 260

Reinforced Concrete Piling and Piled Structures, 2nd Ed. : F. E. Wentworth-Sheilds, W. S. Gray and H. W. Evans 162

Rohbaufertiger Stahlskelettbau : W. Bongard 16

Stahlbeton Tabellen zur Berechnung der Konstruktionselemente rechteckigen und T-formigen Querschnittes : K. Hofacker 227

Statik der Pfahlwerke : F. Schiel 404

Steel Designers' Manual, 2nd Ed. : C. S. Gray, L. E. Kent, W. A. Mitchell and G. B. Godfrey 234

Stresses in Shells : W. Flügge... 215

Structural Concrete : Kurt Billig 260

Structural Mechanics : S. T. Carpenter ... 239

Structural Steelwork Section Book, 9th Ed. : Fleming Bros. 363

Technischer Strahlenschutz : T. Jaeger ... 317

Theory and Practice of Arc Welding, 2nd Ed. : R. J. Sacks 180

Theory of Elastic Stability, 2nd Ed. : S. P. Timoshenko and J. M. Gere 404

Use of Welding in Steel Building Structures : G. B. Godfrey 276

Welding Handbook, 4th Ed., Section III—Special Processes and Cutting : Edited A. L. Phillips 317

BRERETON, C. F. : Some Notes on the Fatigue Resistance of Corroded Prestressing Wire. B. Some Push-pull Alternating Stress Tests on Corroded Cold Drawn Stress Relieved Wire for Prestressed Concrete 332
—Corrigendum 422

BREWSTER, D. W. : Bending Moments in Elastic Skew Slabs 358

Bridges :

Analysis of a Three-span Continuous Grillage having Varying Section Properties ... 245

Composite Construction in Theory and Practice 124

Effective Width of a Composite Tee-Beam Flange 277

Influence Line Computation for Structures with Members of Varying Flexural Rigidity 269

Model Methods in Steel, Composite and Concrete Construction 85
—Discussion 255

Statics and the Engineer (Suspension Bridges) 62

BRIMER, A. : Structural Engineering in Nigeria 117
—Discussion 413

PAGE

BROOKS, W. T., T. Burnett-Stuart and G. Bernard Godfrey : The 16 in. E.R.W. Tube Plant, Shotton ... ... —Discussion 286

Buckling :
Aluminium Strut Design 47
—Discussion 261
Method of Minimum Weight Design for Thin-Walled Beams 174
Torsional Stiffness of Box Section Girders ... 163

Building Construction :
Structural Use of Aerated Concrete... ... 1
—Discussion 364
Lightweight Fire Protection and the Structural Engineer ... ... —Discussion 32
Buildings, Single-Storey : Plastic Design of Latticed Portal Frames 318
BULLEN, F. R. : President, 1961-62 301
Presidential Address : Notes on the History of Foundation Engineering 385
BURNETT-STUART, T. : See BROOKS, W. T., T. Burnett-Stuart and G. B. Godfrey

Caissons :
Notes on the History of Foundation Engineering 385
Some Statistical Aspects of Design in Foundation Engineering 71
CANDELA, Professor F. : Award of Institution Gold Medal 266
Cement : Chemical and Physical Effects of Aggressive Substances 405
CHAPMAN, J. C. : See SPARKES, S. R. and J. C. Chapman
Clay : Review of Information on Settlement of Structures 195
Chemical and Physical Effects of Aggressive Substances on Concrete 405
Coal Industry, The Structural Engineer in the —Discussion 292

Columns :
Aluminium Strut Design 47
—Discussion 261
Bolted Beam to Column Connexions... ... 203
Extension to British European Airways Engineering Base 17
—Discussion 411

Composite Construction :
Composite Action between Beams and Slabs under Transverse Loading 149, 235
Composite Construction in Theory and Practice 124
Effective Width of a Composite Tee-Beam Flange 277
Model Methods in Fields of Steel, Composite and Concrete Construction... 85
—Discussion 255

PAGE

Computation :
Analysis of a Three-span Continuous Grillage having Varying Section Properties... ... 245
Bending Moments in Elastic Skew Slabs ... 358
Composite Action between Beams and Slabs under Transverse Loading 149, 235
Influence Line Computations for Structures with Members of Varying Flexural Rigidity 269

Concrete :
Chemical and Physical Effects of Aggressive Substances 405
Composite Construction in Theory and Practice 124
Extension to B.E.A. Engineering Base at London Airport 17
—Discussion 411
Model Methods in Fields of Steel, Composite and Concrete Construction... 85
—Discussion 255
Professional Practice and Drawing Office Procedure 302
Fatigue Resistance of Corroded Prestressing Wire 332
—Corrigendum 422
Structural Use of Aerated Concrete... ... 1
—Discussion 364

Connectors, Shear : Composite Construction in Theory and Practice 124

Connexions :
Bolted Beam to Column Connexions ... 203
Using High Strength Bolts Stressed Beyond their Proof Stress 228
Contracts : Professional Practice and Drawing Office Procedure 302
COOPER, D. W. : Award of Institution Bronze Medal 218
Correspondence : Fire Protection to Steelwork and the Structural Engineer 240
Corrosion of Reinforcement :
Chemical and Physical Effects of Aggressive Substances on Concrete 405
Fatigue Resistance of Corroded Prestressing Wire 332
—Corrigendum 422
Structural Use of Aerated Concrete... ... 1
—Discussion 364
Costs : Professional Practice and Drawing Office Procedure 302

Cranes :
Extension to B.E.A. Engineering Base at London Airport 17
—Discussion 411
Rubber Tyred Overhead Cranes : Influence on Design of Industrial Buildings 109
—Discussion 294
CREASY, L. R.: Professional Practice and Drawing Office Procedure 302

PAGE

Dams, Arch : Model Methods in Fields of Steel, Composite and Concrete Construction ... 85
—Discussion 255

DAVIES, C. A. C. : Structural Engineer in the Coal Industry—Discussion 292

Design :
Design and Construction of Extension to B.E.A. Engineering Base at London Airport 17
—Discussion 411
Design of Industrial Buildings : Influence of Overhead Rubber Tyred Cranes 100
—Discussion 294
Method of Minimum Weight Design for Thin-Walled Beams 174
Some Statistical Aspects of Design in Foundation Engineering 71
Wind Structure and the Assessment of Wind Loads 155

Detailing : Professional Practice and Drawing Office Procedure 302

Drawing Office Procedure and Professional Practice 302

Drury Medal Competition 80, 114, 146, 184, 243, 299

DWIGHT, J. B. : Aluminium Strut Design ... 47
—Discussion 261

Economics : Professional Practice and Drawing Office Procedure 302

EDWARDS, P. B. and R. B. RIGG : Design and Construction of Extension to British European Airways Engineering Base at London Airport 17
—Discussion 411

Electrical Services : Services and Air Conditioning for Tall Buildings 345

Electric Resistance Welded Process in 16 in. E.R.W. Plant, Shotton—Discussion ... 286

Electronic Digital Computer :
Analysis of Three-span Continuous Grillage having Varying Section Properties ... 245
Bending Moments in Elastic Skew Slabs ... 358
Composite Action between Beams and Slabs under Transverse Loading 149, 235
Influence Line Computations for Structures with Members of Varying Flexural Rigidity 269

Examinations : Attendance at Technical Colleges 81, 243, 297

Fatigue Resistance of Corroded Prestressing Wire 332
—Corrigendum 422

FINN, E. V. and K. F. Shadbolt : Structural Considerations of a New Animal Feed Mill in Belfast, Northern Ireland—Discussion ... 211

PAGE

Fire Protection :
Fire Protection to Steelwork and the Structural Engineer—Correspondence 240
Lightweight Fire Protection and the Structural Engineer—Discussion 32

FISHER, B. H., J. Heyman and L. G. Jaeger : Plastic Design of Latticed Portal Frames ... 318

Flange, Composite Tee-Beam : Effective Width 277

Floors :
Composite Construction in Theory and Practice 124
Effective Width of a Composite Tee-Beam Flange 277
Reconstruction of Floors in Victoria Tower, Houses of Parliament 107
Structural Use of Aerated Concrete ... 1
—Discussion 364

Foundations :
Notes on the History of Foundation Engineering 385
Review of Information on Settlement of Structures 195
Statistical Aspects of Design in Foundation Engineering 71
Structural Considerations of New Animal Feed Mill, Belfast—Discussion 211
Tall Buildings—Problems in Design and Construction—Discussion 76
The 16 in. E.R.W. Tube Plant, Shotton (Piled)—Discussion... 286

Frames :
Analysis of a Three-span Continuous Grillage having Varying Section Properties... ... 245
Determination of Critical Loads of Plane Frames 221
Extension to British European Airways Engineering Base 17
—Discussion 411
Influence Line Computations for Structures with Members of Varying Flexural Rigidity 269
Lightweight Fire Protection and the Structural Engineer—Discussion 32
Plastic Design of Latticed Portal Frames ... 318
Statics and the Engineer 62

FROST, R. W. : Reconstruction of Floors in Victoria Tower, Houses of Parliament ... 107

Gantries : Rubber Tyred Overhead Cranes ... 100
—Discussion 294

GEDDES, J. D. : Award of Institution Bronze Medal 218

Girders :
Composite Construction in Theory and Practice (Lattice) 124

PAGE

Girders (*cont.*):
Extension to British European Airways Engineering Base (Lattice) 17
—Discussion 411
The 16 in. E.R.W. Tube Plant, Shotton —Discussion 286
Torsional Stiffness of Box Section Girders... 163
